

Client Objective:

To develop a tailored software system for efficiently managing event bookings (marriage garden, banquet hall), hotel room bookings, and handling all related financial activities including revenue, expenses, profit tracking, and maintenance.

User Types:

1. Admin

- Full access to all modules
- Can manage bookings, rooms, accounting, and staff

2. Accountant

- Limited access to accounting & reports module only
-

Key Features to be Delivered

1. Event Booking – Marriage Garden

- Add new booking with customer details, event date/time
- Select specific garden area/zone if applicable
- Add notes or special requirements

2. Event Booking – Banquet Hall

- Separate module for banquet hall bookings
- Block dates/time slots to avoid double bookings
- Booking confirmation & status (Pending / Confirmed / Cancelled)

- Payment tracking linked to event (payment will be confirmed manually by Admin or Accountant)

3. Hotel Room Booking (Admin Only)

- View available rooms and assign to guests manually
- Add guest details, check-in/check-out date
- Track room-wise occupancy
- Option to add food/extra services charges

4. Accounting Module

- **Revenue Tracking**
 - Booking-wise income
 - Room-wise income
- **Expense Management**
 - Staff payments, food, electricity, decoration, etc.
- **Profit & Loss**
 - Event-wise and monthly/yearly P&L reports
- **Maintenance Tracker**
 - Record any maintenance activity and cost involved
- **Invoice & Receipts**
 - Generate downloadable invoices for events/bookings
 - Payment receipt management

- Event-wise revenue and expense report
 - Date range-wise profit/loss report
 - Room occupancy report
 - Maintenance and miscellaneous expenses report
 - Export to Excel/PDF
-

Login & Access Control

- Admin: Full access
 - Accountant: Only financial module + reports
-

Tech Stack Suggestion

- Backend: Laravel or CodeIgniter
 - Frontend: Bootstrap or ReactJS (Admin panel only)
 - Database: MySQL
 - Optional: WhatsApp/Email notification system
-

Timeline

- Testing & Deployment: 1 Week
Total Delivery Time: ~ 5 Weeks
